The president of each homeroom is automatically a member and it is up to the homeroom how the other representative is chosen. The purpose of the club is to represent the entire Junior High in trying to improve and strengthen the Junior High School. The club also tries to satisfy all complaints and suggestions that are for the good of the student body. Over the years, the club has been successful in most of its projects and will continue to do so with the co-operation of the students.

"COMMENCEMENT IS THE BEGINNING"

Not so very long ago, life was still simple enough to see it reasonably clear and whole.

Today, a bewildering variety of rapid change lays staggering demands on the lives of all of us. The breathtaking advance of science and technology has outpaced our ability to make the necessary adjustments in humanistic terms.

What are our physical, spiritual, emotional, and intellectual requirements for this new age? If we are to survive, then understand we must.

Such understanding can only evolve through education. Education is no longer a luxury. It is as necessary as food, clothing, and shelter. Without it, we are defenseless in a complex, industrialized society.

So we urge each of you in the class of '68 to continue your education beyond high school, in some form, as your ability and means will permit.

And, for the educational milestone you are about to reach this June, please accept a sincere "well done" from more than 2,700 of your fellow citizens who work for McGraw-Edison Power Systems Division, Canonsburg.*
